## School District Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan.

An IPM plan is required if a school district uses pesticides<sup>1</sup>

IPM statement	
It is the goal of Alvina Elementary Charter SD	to implement IPM by focusing on long-term prevention or suppression of pests
habitat less conducive to pests using sanitation	ent monitoring for pest presence, by applying appropriate action levels, and by making the on and mechanical and physical controls. Pesticides that are effective will be used in a rty, and the environment, and only after other options have been shown ineffective.
Our pest management objectives are to: (Exam	nple: Focus on long-term pest prevention)
parents and staff. Routine monitor	on by maintaining a clean and orderly campus for all students, ring of food and food storage areas for rodent and insect presence.  viduals who are involved in purchasing, making IPM decisions, applying pesticides, and irements, include:
Name and/or Title	Role in IPM program
Mike Iribarren, Superintendent	Decision Making
	Application, Purchasing
Terry Hemman, Maintenance	
Jose Licea, Maintenance	Application, Purchasing
Pest management contracting  Pest management services are contracte Pest Control Business name(s): Howa  Prior to entering into a contract, the school training requirement and other requirement	ard's Pest Control ol district has confirmed that the pest control business understands the
Pest identification, monitoring and Pest Identification is done by: Maintenance Sta	
	litions that lead to pest problems are done regularly by  and results are communicated to the IPM Coordinator.
(Example: District staff title, e.g. Maintenance staff)	
(Example: Sticky monitoring boards are placed in the kitch	specting for pests, such as locations, times, or techniques include:  then and are checked weekly by custodial staff.)
Inspection of facilities and ground Any pest activity noticed by staff of	Is are done by maintenance staff on a regular basis. or students is immediatly reported to maintenance.

Pests and non-chemical management practices This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level: Manage Install **Physical** Seal Remove Other Traps Fix leaks Pest irrigation cracks barriers removal food Mice Ø Gopher Hawk Traps Gophers Spiders/Insects  $\square$ Chemical pest management practices If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment. This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.): Ortho Home Defense: Bifenthrin 0.0500% and Zeta-Cypermethrin 0.0125% Howard's Pest Control: BIFEN I/T 53883-118 25.000 gals 25 flozs 1 flozs / 1 gals 0.06000000 % **Healthy Schools Act** This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188) Every year school district employees who make pesticide applications receive the following training prior to pesticide use: Pesticide specific safety training (Title 3 California Code of Regulations 6724) School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5). Submittal of pesticide use reports Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt<sup>1</sup> from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711) Notification This school district has made this IPM plan publicly available by the following methods (check at least one): www.alvinaelementaryschool.org This IPM plan can be found online at the following web address: This IPM plan is sent out to all parents, guardians and staff annually, Review This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct. November 10, 2023 Date of next review: I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.

Date: November 10, 2022 Signature: These pesticides are exempt from all Healthy Schools Act requirements, except the training requirement: 1) products used in self-contained baits or traps, 2) gels or pastes used as crack and crevice treatments. and antimicrobials, and pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)
